ROSCON and ROSWORLD and IROS

<https://roscn.ros.org/world/2021/#:~:text=We're%20happy%20to%20announce,to%2021st%20in%20Kyoto%2C%20Japan!>

ROSCon 2022 will be held at the Kyoto International Conference Center in Kyoto, Japan on October 19th through the 21st, immediately before IROS 2022. ROSCon 2022 is a chance for ROS developers of all levels, beginner to expert, to spend an extraordinary two days learning from and networking with the ROS community. Get tips and tricks from experts and meet and share ideas with fellow developers.

ROS World 2021 is a chance for ROS developers of all levels, beginner to expert, to spend an extraordinary two days learning from and networking with the ROS community. Get tips and tricks from experts and meet and share ideas with fellow developers.

Example ROSWORLD 2021 with Kimberly

If you joined us for [ROS World 2021](#) back in October, then you saw the excellent [keynote presentation](#) from **Kim Hambuchen** at NASA Johnson Space Center, in which she talked about many of the ways that NASA has benefitted from ROS. Inspired by Dr. Hambuchen's presentation, let's take a quick tour of ROS-based space applications.

International Conference on Intelligent Robots and Systems (IROS 2022)

The 2022 IEEE/RSJ **International Conference on Intelligent Robots and Systems (IROS 2022)** will be held on October 23–27, 2022 in The Kyoto International Conference Center, Kyoto, Japan

Dear IROS 2014 participants,

Thank you for your contributions to a successful and fun IROS 2014! [Please check out the photo gallery](#) with shots of the receptions at the Palmer House, the Art Institute of Chicago banquet, the eight

Monday night social events (boat cruise, Second City comedy, Buddy Guy's blues, bicycling the lakefront, Cubs baseball, chocolate tour, Willis Tower, and Goose Island brewpub), and the "Hops n' Bots" robot-themed craft beer party that drew a large IROS crowd to the Adler Planetarium on Thursday night. If you have photos you'd like to add to the gallery, please send as attachments, or as a link to a download site, to info@iros2014.org.

Chicago, Illinois

Sept. 14–18, 2014

The **IROS** is one of the largest and most impacting robotics research conferences worldwide. It provides an international forum for the international robotics research community to explore the frontier of science and technology in intelligent robots and smart machines.
